INTRODUCTION

Society of Mechanical Engineers (SME) is a Technical Society updating vital information in the field of Engineering and Technology. The SME represents many faces of Engineering rather than any one specialization.

SME was established in the year 2002-2003, since then the organization has played a major role in organizing various technical events in the field of Mechanical Engineering. In the past years many guest lecturers has been conducted. The major focus of this society is to indulge students with practical knowledge in the field of industrial study. We have been organizing Industrial visits as a part of SME, the recent places visited by our students includes NLC, Ashok Leyland, Man-tech, gov.n.sugar factory , etc
